REMARKS

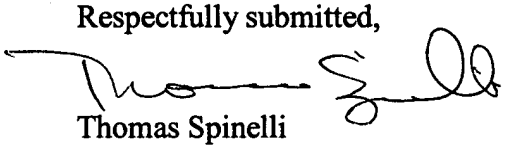
It is respectfully requested that this Preliminary Amendment be entered in the above-identified application prior to examination.

By means of the present Preliminary Amendment, the drawings have been amended to more accurately reflect the invention as described in the specification.

Specifically, Figure 20 has been amended to correct the dashed lines surrounding the third and fourth pivot pins (35, 45). A replacement sheet showing such changes and a marked-up copy indicating the changes by highlighter are enclosed. No new matter has been entered in doing so.

In view of the above, early and favorable consideration are respectfully requested.

Respectfully submitted,



Thomas Spinelli
